

FÉLIX, MARTÍNEZ Y BACELIS
ABOGADOS

Professional Summary

Pedro Félix combines technical precision with strategic insight in advising corporate clients, investors, and family-owned businesses. His practice focuses on corporate law, mergers and acquisitions, financial structuring, and complex transactional matters. He is recognized for translating legal complexity into practical and reliable business solutions aligned with his clients' operational and strategic objectives.

With more than thirty years of professional experience, Pedro has advised leading industrial, financial, real estate, and technology companies in Mexico and abroad. As Founding Partner of FMB Abogados, he oversees a multidisciplinary team specialized in corporate, financial, infrastructure, technology, and regulatory matters, ensuring close communication and measurable results in every engagement.

Core Practice Areas

- Corporate Law, Governance and Regulatory Compliance
- Mergers and Acquisitions (M&A) and Corporate Restructuring
- Banking, Finance and Capital Markets
- Real Estate and Project Development
- Energy and Infrastructure
- Technology, Data Protection and Digital Business
- Tax Advisory and Legal Structuring

Selected Experience

- Advised a multinational manufacturing group on its corporate reorganization and capital increase structure in Mexico.
- Represented a financial institution in the negotiation and implementation of secured credit facilities and related guarantees.
- Assisted an international developer in the structuring and documentation of a real estate investment trust (FIBRA) and its regulatory compliance process.
- Supported an energy operator in the preparation and negotiation of public-private partnership agreements and concession contracts.
- Advised various technology and Fintech companies on regulatory compliance and data privacy under Mexican law.
- Represented family offices and investors in succession and asset-holding structures, including administrative and investment trusts.
